## Voluntary Results Feedback Form

➤ I am an examiner in Workgroup:  Example: 3620 (optional)

➤ Relevant prior art **found**, search results used as follows:

- ☐ 102 rejection
- ☐ 103 rejection
- ☐ Cited as being of interest.
- ☐ Helped examiner better understand the invention.
- ☐ Helped examiner better understand the state of the art in their technology.

Types of relevant prior art found:

- ☐ Foreign Patent(s)
- ☐ Non-Patent Literature  
(journal articles, conference proceedings, new product announcements etc.)

➤ Relevant prior art **not found**:

- ☐ Results verified the lack of relevant prior art (helped determine patentability).
- ☐ Results were not useful in determining patentability or understanding the invention.

Gift registry method for business transactions, involves receiving  
purchase request with associated purchase amount and determining  
whether to satisfy purchase request with purchase or gift substitution

Abstract (Basic):

... Purchase request for gift is **received** with an associated  
purchase amount, from gift giver (106). The need to satisfy the  
purchase...

... a) **Gift registry** system...

...For providing **gift registry** of diverse goods and services in  
business transactions...

...The **recipient** can reduce the gift cost for the giver, since the giver  
can **determine** which gifts are desired by the **recipient**. Provides  
real-time updating of **gift registry**, hence incidence of duplicate  
gifts are reduced. Allows **recipients** to register all gifts in one  
location instead of multiple **gift registries**. The **recipient** can  
**receive** cash instead of goods, hence reduces the cost of gift returns  
...

...The figure shows data processing system for **gift registry**.

ABSTRACT

PURPOSE: To provide a **receiver** with which display data related to both  
**received** and input data are generated and displayed by performing  
arithmetic processing between the **received** and the input data...

...CONSTITUTION: When there is an incoming call, **receiving** processing is  
performed (step S1) and when there are no message data, only the reception  
...

...it is checked whether there is a back number code or not and whether the  
**date** of birth is registered corresponding to the back number of the  
detected back number code or not (steps S4 and S6). When there is no back  
number or when the **date** of birth is not registered although there is the  
back number, the **received** message is displayed (step S5). When the **date**  
of birth is registered, the **received** message is displayed (step S7) and  
when the **date** of birth is inputted within fixed **time** and a  
fortunetelling key is pressed (step S8), the degree of congeniality is  
calculated from the **date** of **birth registered** corresponding to the  
back number and the inputted **date** of birth and displayed on a display  
part. After the lapse of fixed **time**, displayed contents are erased (steps  
S10 and S11).

## English Abstract

A **gift registry** providing a partial payment option for gift givers (106) and a mandatory and a contingent...

## Detailed Description

### METHOD AND SYSTEM

#### FOR

#### UNIVERSAL **GIFT REGISTRY**

### BACKGROUND OF THE INVENTION

#### Field of the Invention

This inventions relates to the field of data processing in a business transaction and more particularly to a **gift registry** system and method.

#### Background Information

**Gift registries** are known and used in a number of different markets, with the most common area being **wedding registries**. Typically, these registries are provided by a large store or establishment, with a number of...

...registry information is updated automatically and in near-real-time.

Traditional store or establishment based **gift registries** seldom provide discounted prices. In fact, the ability to charge gift givers retail prices for items that are commonly discounted is often cited as an attractive feature of the **gift registry** business. (see for example, pg. 37, The Knot Inc., S-1, 9/19/99, "Because...

...when registries provide access to discounted prices or special sales.

Traditional store or establishment based **gift registries** seldom provide out-of-season access to seasonal products. Recipients may add a seasonal item to...

...registries provide access to seasonal items without regard to season.

Traditional store or establishment based **gift registries** have a significant gift return volume, with the associated return expense. In fact, in traditional...

...the gift, or arrange shipping, to the store at considerable cost and inconvenience. Therefore, both **gift registries** and recipients want to avoid the expense involved in returning a gift. Gift givers want...

...gift return process can be made more convenient and efficient.

Traditional store or establishment based **gift registries** require that a gift giver purchase an entire gift, not part of a gift. For...

...multiple givers to make partial contributions toward a gift purchase.

Traditional store or establishment based **gift registries** are unable to handle gifts that are not available within their establishment. A recipient who...

...better served when a single registry accommodates all of the recipient's desired gifts.

Traditional **gift registries** are also unable to handle gifts for which a value can be calculated, but which...gift givers are better served when such gifts may be registered and purchased from a **gift registry**.

Traditional store or establishment based **gift registries** do not allow a simple cash gift. A recipient may prefer a cash gift so...

A problem for a cash option in a traditional **gift registry** is that the registry provides the gift amount to the recipient as cash, rather than...contributions) in varying amounts. This might be appropriate for a charity, wanting to have a **gift registry**, but desiring that all gift contributions be in the form of cash. In this embodiment...

...shipping of the gift and pays the vendor.

At step 524, system 100 updates the **gift registry** database to show gift purchase, and at step 526, system 100 informs the recipient of...cash if and only if the desired gift is unavailable at the price that the **recipient** has listed, or can not be **delivered on time**.

Just as the mandatory substitution **option** included two tests, so does the contingent substitution option (step 536). At step 538, system...any single firm offer.

#### Coupon Supplement

As indicated above, one of the reasons that traditional **gift registry** services may not provide a cash option is that the profit source or motive is...option, cash option, coupons, tokens, etc.) appear to be enhancements of a normal in-store **gift registry**.

Unless otherwise specifically stated, the terms and expressions have been used herein as terms of...

#### Claim

... according to claim 1, wherein the gift substitution opt' includes a cash option.

29 A **gift registry** system comprising:  
a circuit to receive a purchase request from a giver with an associated  
...

...Computer executable software code stored on a computer readable medium, the code for managing a **gift registry**, the code comprising: code to receive a purchase request from a giver with an associated...

...arising from the interorganizational issues that had been identified. The two models were compared in **terms** of their ability to meet interorganizational functional requirements.

The research produced a set of functional requirements for an interorganizational **birth registration** system, which included the need for a set of objects that could systematically transform data depending on the **state** of the **birth registration** case and the relative roles of the source and **recipient** organizations. The modeling process uncovered limitations in the object-oriented analysis of interorganizational information systems...

... Best Shopping Sites

Best Music Site

Amazon.com (www.amazon.com)

Amazon has the best **customer** service of any large-scale (yes, it is large-scale now!) store, real or virtual, hands down. It's even been known to mail a prepaid-return box to **customers** who changed their mind after a CD shipped. Plus, a quick, but by no means...

...rivals in the music world (CDNow and Barnes & Noble) and adds valuable extra info about **how long** each item will take to **ship**. Amazon offers one gift-wrapping **option** for CDs and can include a personal message on the packing slip.

Runner-up CDNow...

...can also select and send items online from Crate & Barrel's gift (in other words " **wedding** ") **registry** .

...a virtual "bump" on an online buyer's shopping flow by requiring contact with a **customer** representative. This may be some establishments' way of "connecting" with the buyer--a personal touch...

...online because they specifically do not want to talk to (and be swayed by) a **customer** rep. Result: They abandon their shopping carts and go to sites where they can shop incognito--i.e., **choose** a product, authorize debit, and wait for **delivery** , **period** .

Buyers who do try to get in touch with customer service also end up abandoning...employed "superior personalization" by allowing visitors to build a "My CDNOW" page of wish lists, **gift registries** , favorites, and

personalized custom CDs.

Another way to generate "stickiness" is by communicating with your...
